A CLEAN MAN.

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues and fibers in every organ of the body. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs. Dr. Pierce's Golden Medical Discovery prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh. It doesn t make the flabby fat of corpulency, but the firm flesh of health. It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol to inebriate or create craving for injurious stimulants.

Mr. John L. Coughenour, of Glen Savage, Somerset Co., Pa., writes: "My appetite was unusually poor, and I was as weak and nervous as though I had been starved for months. My heart kept throbbing continually and I was short of breath. Finally I wrote to you for advice and you informed me that I had indigestion and a torpid liver. I did not think your diagnosis was right, but I ordered six bottles of 'Golden Medical Discovery' from you and began its use. After using three bottles I began to improve slowly and soon went to work, and I have been working ever since."

Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

ALBANY'S TRUNK MYSTERY.

The Albany, N. Y., police believe they have a complete case against the missing John Hammond, the 24 year-old carpenter, the body of whose 57-year-old wife was found Thursday huddled and decomposing in a trunk in their flat. James Mangini, of Cohoes, the husband of Hammond's sister, was taken into custody yesterday and taken to Albany, and he has confessed to the police that on Tuesday, November 14, two days or more after the murder must have been committed, he accompanied Hammond from Cohoes to Rouses Point, and that on the journey Hammond, who, he says, was in a condition bordering on nervous collapse, told him that he had killed his wife and hidden her body in a trunk. Mangini is being held both as a witness and as accessory after the fact of the murder. He says also that Hammond made a like confession on the 15th to an uncle at Rouses Point. The police say they are confident that Hammond is in or near Montreal, and that he will soon be arrested.

The autopsy upon the woman's body has shown that the woman was strangled with great violence, and that before death she was brutally beaten or kicked. There seems to be little doubt that the murder was commited on the afternoon of Sunday, November 12, for neighbors on that day heard the piano played much as Mrs. Hammond played. They say that the playing stopped abruptly, and that after that no sound was heard from the Hammond apartment, though Hammond himself was seen about the house later that day.

It was learned yesterday that on the 10th Mr. Hammond drew upward of $800 from the saving bank, at first receiving a New York draft, but next day exchanging it for cash. Important in this connection is the fact that on Monday, the 13th, a man declared to be Hammond ordered from a leading clothing house an expensive fur overcoat, and left as a deposit what were supposed to be two $10 bills, but which were found to be $100 bills. When the house was searched yesterday morning a pocketbook was found which had a lock and had been cut to pieces. It is believed that this contained the money drawn from the bank by Mrs. Hammond.

Mangini says Hammond had over $2,000 in money and that they both drove from Rouses Point over the line into Canada. Mangini's nerve left him and he abandoned Hammond and returned on foot to Rouses Point and then left for Cohoes.

This is Hammond's story of the crime as told by Mangini: "We were both sitting at a table drinking whisky Sunday afternoon at 5 o'clock, November 12, and were pretty well intoxicated. I wanted another drink, and she refused to give it to me. I struck her on the head with a bottle and she fell to the floor unconscious. Then I went out and got a drink, and when I returned she was still on the floor, gasping. I watched her until she died and then put the body in the trunk."

Killed by Filipino Boy.

Clarence Allen, principal of the public school at Ormoc, near Manila, was stabbed and killed this week by a 15-year old Filipino boy, a pupil in the school and a member of a prominent family of the town. Allen's wife, who is a teacher in the school, was slightly wounded. The killing occurred at the school while Allen was assisting his wife to control the pupils in the room of which she had charge. The boy was arrested, but a native justice of the peace released him, fixing bail at a small sum. The prisoner has since been rearrested and is held without bail. The American colony is aroused over the murder, which is denounced as the outcome of a political feud, in which the parents of the boy murderer are leaders. Vice Governor Ide yesterday directed the local authorities to prosecute the case without delay. It is reported that residents of the village had stoned the schoolhouse.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and save his life. Best in the world for burns and sores. 25c at E. S. Leadbeater & Sons' drug store.

Herb W. Edwards Injured.

Herb W. Edwards, of Des Moines, Iowa, got a fall on an icy walk last winter, spraining his wrist and bruising his knees. "The next day," he says, "they were so sore and stiff I was afraid I would have to stay in bed, but I rubbed them well with Chamberlain's Pain Balm and after a few applications all soreness had disappeared. I feel that this bottle of Pain Balm saved me several days' time, to say nothing of the suffering." This liniment is for sale by Gibson & Timberman and W. F. Creighton & Co.

But Few Are Free.

But few people are entirely free from indigestion at this season of the year. Kodol Dyspepsia Cure is not only the best remedy to use because it digests what you eat but because it also enables the digestive apparatus to assimilate and transform all foods into tissue-building blood. Kodol relieves sour stomach, heart burn, belching, and all forms of indigestion. Sold by W. F. Creighton & Co., 401 King street.

"It affords me pleasure to testify to the merits of Gowan's Pneumonia Cure. Last December I was threatened with pleurisy; in fact the physician pronounced it pleurisy, and treated me for two weeks for the trouble, with no beneficial results. A friend gave me a trial bottle of your remedy, and I was completely restored to health within a very short time. You certainly have a marvelous remedy, and I never fail to speak a good word for it. I shall always keep a bottle of it on hand for emergencies.

Conviction Follows Trial

When buying loose coffee or anything your grocer happens to have in his bin, **how do you know what you are getting?** Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out.

Could any amount of mere talk have persuaded millions of housekeepers to use

Lion Coffee,

the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in

Purity, Strength, Flavor and Uniformity?

This popular success of LION COFFEE can be due only to inherent merit. There is no stronger proof of merit than continued and increasing popularity.

If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER.

LION COFFEE is sold only in 1 lb. sealed packages, and reaches you as pure and clean as when it left our factory.

AND VIRGINIA ADVERTISER

SATURDAY EVENING, NOV. 25, 1905.

THE SULTAN OF TURKEY is at present causing considerable commotion in Europe by his plain defiance of the recent demands made upon him in reference to Macedonian affairs. Heretotore the Porte has in the end yielded to force before a blow has been struck, but it seems that the Ottoman government realizes that the time has come when a line should be drawn, and that in order to maintain its sovereignity over what is known as "Turkey in Europe" it will be compelled to fight, sooner or later, and that this may be as favorable a time as any in the future. The fact that the United States is taking no hand in the demonstration against Turkey is favorably commented upon by some newspapers. There is no reason whatever for this country to take action in the matter.

A CANVASS of the principal anthracite coal districts shows that the miners will refuse to be bound after April 1 next by the award of the Anthracite Coal Strike Commission, unless the operators, in addition, agree to the union becoming a signatory party. Unless there should be an agreement between the opposing interests by the date named 500,000 miners and laborers in the hard and soft coal districts will quit work and the mining industry of the entire country will be at a standstill. This looks like a coal strike is certain, which means untold suffering among the poor and a drain upon the pockets of those more fortunate; besides, such a condition would affect industrial activities all over the country and cripple commerce. Even now such a menace is seriously affecting business—but there seems to be no end to strikes.

THE success of Japanese physicians during the late war has now received a tribute in the line of medicine as well as surgery. An article for La Nature translated in Public Opinion says that the Japanese have minimized the fear of poisoning by the custom of swallowing several grams of charcoal upon the first indication of gastro-intestinal disturbances. The action of charcoal on poisons was first demonstrated by the French physician Touery in 1852, and his experiments have recently been taken up by his grandson, Professor Secheyron, who has thus treated several cases of poisoning successfully. He finds that animal charcoal is more active than vegetable and that the charcoal must be given in large doses dissolved in water.

HAZING seems to be a modern distemper, and in no wise confined to schools or colleges. Mrs. Frank Felker, a one-day bride, of Logansport, Ind., is seriously ill and reported to be dying from the effects of hazing Thursday night. Felker was married at Danville, Ill., on Wednesday, and brought his bride home Thursday night. A small crowd of friends seized the bridegroom, just before he reached his home, and bound him to a dray. The bride evaded the hazers, but was found later at the house of a friend. She, too, was bound hand and foot and placed beside her husband. In this position they were dragged through the town, attracting the attention of the entire populace.

PRESIDENT ROOSEVELT has assumed all responsibility for the action of the Panama Canal Commissioners in making contracts for work material for the canal, amounting to $16,000,000. An official announcement to this effect has been made at the White House. It is declared that the administration has no fear of a congressional investigation in the conduct of the affairs of the canal. With the President to back them, and he now seems to be the whole thing, the canal commissioners can go right ahead spending money and contracting debts, Congress to the contrary notwithstanding.

IT is unfair for Speaker Cannon to propose to make up the House committees on the basis of twelve republicans and five democrats instead of eleven republicans and six democrats. The republicans have not a two-to-one majority in the House and the Speaker is proposing to give them more than a two-to-one majority in the committees. The work of legislation is done in committees, and, says the Philadelphia Record, the only explanation of the Speaker's scheme is that he and his associates are afraid of the minority.

GOVERNOR MONTAGUE has requested the State superintendent of public printing to prepare an estimate of the cost of a State printing establishment to do the State work. It is hoped that no State printery will be established in Richmond; the government printery in Washington should be a warning to all the States.

The agitation against the Japanese government for its non-abrogation of martial law and its suppression of the liberties of the press is gaining strength. Many sympathizers with the opposition party can be found, even among members of the House of Peers.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Nov. 25.

The Keep Commission appointed to inquire into the business methods of the various executive departments is considering the advisability of recommending to President Roosevelt the establishment of an Official Daily Gazette. This paper would contain all the daily orders issued by the various departments and would be designed to prevent repetition in the printing of various articles. It has been found that some articles are printed as many as three and four times by one department, but by different bureaus. The matter of establishing an Official Gazette will be taken up with the new Public Printer Stillings. Some members of the commission are said to be in favor of it, while it is known others are not. The advice of Mr. Stillings will probably settle the question.

The President has directed the appointment of Rev. Edward S. Travers, now assistant minister in Trinity Church Boston, Mass., as Chaplain at the United States Military Academy, to succeed the present Chaplain Rev. Herbert Shipman, who has tendered his resignation. The resignation of Chaplain Shipman has been accepted to take effec Dec. 1st. The position of Chaplain at the Military Academy is one eagerly sought after. When it became known that Chaplain Shipman was to resign hundreds of applications for the detail were received by the War Department from ministers.

President Roosevelt presided as judge this morning at the White House at the trial of Assistant United States Treasurer Leib of Philadelphia who is charged with violating the civil service rules. Civil Service Commissioner Alfred W. Cooley who worked up the case against Mr. Leib acted as attorney for the prosecution, while Representative George R. Patterson was the attorney for the defense. The trial lasted from 10 o'clock until 12:15 and the President announced that he would take the matter under consideration and render a decision later. "Mr. Cooley forced the fighting," said Congressman Patterson after the trial", but did not prove anything against Mr. Leib except that he kept his sister on the pay roll. That seems to be the whole gist of the case against him." Mr. Keib is chairman of the Republican county commite of Schuylkill county.

It has been arranged that the exchange of ratifications of the Russian-Japanese Peace Treaty will take place at 4 o'clock this afternoon in the Diplomatic Room of the State Department. Baron Rosen, the Russian Ambassador, and Minister Takahira, of Japan, will represent the respective governments in the ceremony.

A white woman about 32 years of age bearing all marks of refinement, attempted suicide this morning by shooting herself twice in Farragut square. She was dressed in blue and wore a blue hat. Nothing is known of her excepting that she arrived in the city about 8 o'clock this morning from Danville, Va. While conscious she persistently refused to disclose her identity and said she wanted to die. She was taken to the Emergency Hospital where the physicians are now working on her. Her condition is serious but not necessarily fatal.

The Turkish government, it is announced at the State Department, has manifested a much more pliant disposition recently in connection with the various questions which have been pending between it and this country, and has even indicated a willingness to arrive at a satisfactory and amicable agreement on the question of the recognition of the rights in Turkey of Turks who have become American citizens through naturalization. The situation in Europe is believed to have had something to do with the improved attitude of the Turkish government towards the matters in contention between it and the United States.

The committee adjourned this afternoon until Tuesday afternoon.

Midshipman Meriwether.

During the session of the court martial yesterday evening in the Cadet Meriwether trial, Rear Admiral McCormick was challenged by Captain Marix, the allegation being made that the admiral had discussed the case with a medical officer and would be unable to exercise his unbiased judgment. After a closed session the court decided that the challenge was not sustained.

As stated yesterday, the defense asked that the body of Midshipman Branch be exhumed and an autopsy performed and the court consented. Mr. Robinson asked that Howard E. Ames, medical inspector, and Dr. Gatewood be allowed to attend the autopsy, and explained that these two men were important witnesses for the defense. He also asked that the examination to determine the cause of death be made by surgeons who had not been connected with the case, saying that the men who had testified had all said an autopsy was not needed.

Several midshipmen told of their experience of fighting and the impression prevailed that the officers of the academy knew it was going on. Generally, it was testified, one of the participants goes to the hospital.

Town Charters Void.

The decision of the Court of Appeals on Thursday which declares null and void the charter of the town Madison Heights, a suburb of Lynchburg, in Amherst county, across the James river, caused consternation in that place yesterday when it was realized that the town, which has 2,500 people, has no government. Yesterday there was no peace officer within six miles of the town and the place has no protection, except that it is within the mile limit in which the jurisdiction of the Lynchburg Police Court extends.

The town has improved streets, good public schools, a police force and other municipal machinery. All are swept away.

The decision reverses the Circuit Court of Amherst, which sustained the constitutionality of the town charter. The decision in effect is that all towns chartered by the legislature since the new Constitution went into effect are null and void. There are 25 or 30 other towns in the same boat with Madison Heights under this decision which will have to get "back to nature," provided anyone questions their right to arrest him, pay taxes or swing his front gate on the outside. This decision declares that such charters can be issued by the legislature only under a special law provided for the purpose and that no such law has been framed.

While the blow to Madison Heights is severe, there are eleven other cities and towns in the State which are in the same pitiable condition, by reason of the Amherst case.

These towns and cities are not in existence under the law, their charters of incorporation being ipso facto void; in a word, they have never been. Some have a bonded debt which is not legal. All have officers, who are serving without legal right.

Among those towns that fall under the ban are:

1. Bristol.
2. Warrenton, Fauquier county.
3. Mayville, Prince William county.
4. Cedar Bluff, Tazewell county.
5. Fairmount, Henrico county.
6. Parksley, Accomac county.
7. Damascus, Washington county.
8. Vinton, Roanoke county.
9. Pocahontas, Tazewell county.
10. Narrows Giles county.
11. La Corsse, Mecklenburg county.

These towns were all chartered, or had their charters amended, since June, 1902, and so they fall under the opinion of the Supreme Court, which declares that no town or city can be chartered or incorporated by an act of the legislature.

No Poison in Chamberlain's Cough Remedy.

From Napier, New Zealand, Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that they declared were entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. When taken in time it prevents pneumonia. This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

Cadets May Apologize.

The action of the board of visitors of the Virginia Military Institute at their meeting in Richmond Wednesday night last, in reiterating their demands for suitable expressions of regret for the insubordinate conduct of the third class and extending the time for such expression seven days, was officially announced to the corps of cadets yesterday evening at dress parade.

After reviewing the resolution adopted by the board the order closes with the following admonition by General Shipp, the superintendent.

"The superintendent again admonishes cadets of the third class of their plain duty. Do not let obstinacy nor pride of opinion stand in the way of duty. All extenuating circumstances have been fully recognized by those who sat as your judges. The desire of all has been to save you from the extreme consequences of your own wrongful act. Nothing but false pride can prevent any rational man from expressing regret for what he acknowledges he has done amiss. The present situation constitutes a crisis in the life of each and every one of you. You as well as those in authority over you have a common interest in maintaining the integrity of the discipline of the Virginia Military Institute."

The third class, and especially the "oath-bound 13," received the order with composure, and say that the 13 will not yield. But a rumor is that six of the number are ready to apologize and the others are expected to yield before the week is out.

A Husband's Terrible Deed.

Mrs. William McWilliams and her five children, ranging from three to eighteen years in age, were slain at their farm home near Independence, Iowa, yesterday, and the husband and father was arrested in Independence last night, charged with killing the members of his family. He declares himself to be innocent.

A dairyman called for milk at the McWilliams farm shortly after noon yesterday. On entering the house, he says, he found a partly cooked dinner on the stove and Mrs. McWilliams and the five children dead on the floor.

Each person had been killed with a hammer blow on the head. Mrs. McWilliams was atrociously beaten, and a few knife thrusts had been inflicted on the crushed body.

In the woman's rigid arms lay the corpse of the three-year-old baby, its hood, coat and mittens on, and a piece of buttered bread in one hand. The baby had been killed by one blow of a hammer on the head.

The other children lay about the house, dressed in working clothes. It is thought that the mother and baby were killed first and that then the children had been called into the house one at a time and struck dead with the hammer.

Only the wife and daughter, sixteen years old, seemed to have resisted, each receiving knife wounds in the hand. There was little evidence of a struggle.

Today's Telegraphic News

The Sultan and His Troubles.

Constantinople, Nov. 25.—The Sultan has ordered the arrest of Feshim Pasha, chief of police, on a charge of conspiring against the ruler's interests. A big sensation has been caused by this action. It is reported that the Porte has discovered a plot among the secret police to head a movement to depose Abdul Hamid if he gives way to the demand made by the powers for international control of the finances of Macedonia. There is every indicatiou that the crisis has reached the breaking point, though the belief prevails in diplomatic circles that the Sultan is more afraid of the European powers than he is of his own subjects, and will surrender on the question of the Macedonian reforms before any great damage has been done to his empire.

Paris, Nov. 25.—Russia and Austria, with the approbation of the other powers, have sent a note to Greece, Bulgaria, and Servia, notifying these governments that the object of the contemplated naval demonstration against Turkey is limited to a single purpose—to assure the needed financial reforms in Macedonia. Assurance is given that the demonstration has no political character and suggestion is made that revolutionary leaders be warned not to count on any support and advised not to provoke complications by instigating uprisings.

Paris, Nov. 25.—The information comes today from an authoritative source that the objective point of the international fleet assembled at Piraeus, to make the demonstration against Turkey, is the Island of Mitylene, which was seized by France in her demonstration against the Sultan. These reports that part of the fleet has already left Piraeus are erroneous, as the entire fleet is still assembled there. It is expected that the warships will sail today or tomorrow.

The indications yesterday were that the Sultan is becoming more inclined to accept the demands of the powers, but there has been no further news to this effect today, so it is inferred that he is still hesitating. The Sultan is said to be extremely perplexed, as he does not dare to yield on account of the effect which such action would have upon his subjects, while at the same time he fears to push his resistance too far.

The views of those in a position to know in this city are extremely optimistic as to the outcome of the demonstration, as it is thought the Sultan will yield immediately after the seizure of the first port, as he did in the case of the dispute with France, or else on the appearance or the fleet in close Turkish waters, as he did when the United States made a demonstration against Turkey in 1903. This would offer sufficient justification for his surrender with the people of Turkey.

Athens, Nov. 25.—Under sealed orders, the international fleet which has been assembled at Piraeus, for the purpose of making a demonstration against Turkey in support of the demands of the powers for the financial control of Macedonia, sailed at noon today. In order to keep up communication with the fleet, a number of British and Freach torpedo boats were left behind.

London, Nov. 25.—The Evening Standard says that if the Sultans remains obdurate despite the naval demonstration the powers have decided to give Austria a mandate to take such military steps as necessary to force an acceptance of the reforms. If this is done then the Sultan would regard it as an act of war, and would order the Turkishr army to resist. This result would bring about the long expected war between Europe and Turkey.

Preparing for the Execution.

Windsor, Vt., Nov. 25.—Mrs. Mary Rogers, who is making a final fight before the Supreme Court of the United States to prevent her execution for the murder of her husband, Marcus Rogers, is breaking down as the time for her drawshanging near. She will be swung from the gibbet on December 8 unless the Supreme Court intervenes at Washington. In the meanwhile the preparations for the execution are proceeding. Sheriff Peck this morning denied the report that he would rather resign than hang the woman. Mrs. Rogers has until this week maintained her usual stoical attitude, but now seems to be giving away under the strain. The guards say she moans and cries in her cell and frequently at meal time takes no more than a mouth full or two. Mrs Rogers is confined in a cell with a cell mate, who eats and sleeps with her and guards every moment for fear that she will endeavor to take her own life.

The same gallows will be used upon which Mrs. Meaker and Sylvester Bell were hanged. Mrs. Rogers, however, is a much heavier woman than the ordinary and weighs nearly 170 pounds. Even Bell did not weigh so much, and every precaution will be taken to prevent the execution from being "botched."

The rope which will be used in Mrs. Roger's execution is of four strands seasoned hemp, to prevent any possibility of stretching beyond the ordinary allowance for such tests, and when the noose is in position on December 6, two days before the execution, it will be weighted down with a bag of sand weighing over 200 pounds, and this weight will be left upon the cord up to the morning of the hanging. A long black bag has been made to enclose the woman's skirts, drawn closely at the neck and tied. Sheriff Peck will give the word to release the lever which holds the drop in place.

Killed in Automobile Accident.

Long Island City, N. Y., Nov. 25.—Mrs. Frances Burton Harrison, wife of Francis Burton Harrison, a New York lawyer, was instantly killed in an automobile accident here today and three of her party were seriously injured. Mrs. Harrison with a party of friends left here from her home, 186 West avenue, this morning, for an automobile ride through Long Island. The party were in high spirits and everything went well until they had reached a point on the Boulevard near Thompson avenue, this city. Here the steering apparatus suddenly gave out and the ponderous car ran against the curb. The occupants of the car were thrown through the air, landing several feet from the machine. Persons who had witnessed the accident hurried to the scene and the first to be reached was Mrs. Harrison. She was tenderly lifted and carried into a nearby house, but life was extinct, and a physician who had been called, said that death was instantaneous. The other members of the party were stunned and bleeding and were removed to St. John's Hospital. They were: L. E. Scott, Charles D. Crocker and Constant Revert.

The Meriwether Court Martial.

Annapolis, Md., Nov. 25.—With the testimony of a first classman, taken late yesterday before the Meriwether court martial, to the effect that the naval academy authorities cannot well avoid knowing that finish battles are frequently fought between midshipmen, and that, as a general thing, at least one contestant goes to the hospital for repairs and frequently both are "dry-docked," it is learned from private sources that at least two fights have taken place since the convening of the present court martial Wednesday.

The fights are said to have originated in differences over testimony given before the court, but whether middies who were witnesses or others taking only a volunteer fighting interest were the principals was not disclosed. One midshipman made the statement that there was a battle under the code the night young Branch was buried. Captain Colvocoresses, commandant of the midshipmen, declares he knows absolutely nothing of any fighting outside the Branch-Meriwether affair.

To show that fights usually result in lasting friendship between the principals, it is pointed out that Midshipman Ralph Yeager, who accompanied Meriwether on the visit to Branch that resulted in the challenge, is the only man in the Academy who ever knocked Meriwether out. This was in Meriwether's first fight, Yeager scoring the knock out in the fifteenth round. The two later became fast friends.

The session opened this morning with the reading of yesterday's record, which occupied an hour. Captain Marix read a telegrame from acting Secretary of the Navy Newberry, stating that Surgeon Stokes had been detailed to assist the Judge Advocate in the scientific aspect of the case. The request for an autopsy, Captain Marix said, had been wired to the Navy Department.

Later Admiral Sands, Superintendent of the Academy, received orders from the Secretory of the Navy to have the body of Midshipman Branch exhumed and an autopsy performed. The autopsy will take place this evening in the hospital. A number of naval surgeons will participate, including those who operated on Branch and treated him after the fight with Meriwether.

Midshipman Carstein, first class, was called by the defense. He testified that on the last day of the term last spring, he encountered Meriwether crossing the yard with several bundles. Carstein questioned him, and Meriwether admitted having been in the town without permission. "I told Meriwether I was going to report him for 'frenching,' Carstein said. "Before I got the opportunity Midshipman Branch came to me, and asked if I was going to report Meriwether, and urged me to do so. He kept nagging me about it until it almost made me sick."

In answer to a question, Carstein said: "Branch seemed to have a deep seated grudge against Meriwether. His conduct in furthering reports of Meriwether's breaches of rules was most unusual."

Carstein said he had no idea how many fights he had known of at the Academy. He believed that there had been, in his knowledge, between twenty and thirty, and at least 15 contestants had gone to the hospital. Carstein knew of no punishment having been inflicted by the authorities.

"If a midshipman were challenged, and refused to fight, what would the Academy do to him?" asked Mr. Munroe.

"He would be called a cad, sir?" was the reply, "and few men would have anything to do with him."

"Do you know that fighting is prohibited in the naval regulations?" asked District Attorney Rose.

"No, sir; I have supposed the Academy regulations covered the whole ground and that they do not prohibit fighting."

"Would you fight in the presence of an officer.?"

"Yes, sir, if I was insulted."

"Would you not be punished?"

"Probably. It would be disorderly conduct, which is prohibited."

"Do you consider a regularly arranged fight in a room, conducted under well organized rules, disorderly conduct?" asked defendant's counsel.

"No, sir,"

Witness said he considered fighting the only way of settling disputes between gentlemen.

The DeLane Mystery.

The jury summoned to investigate the death of Frank M. DeLane, whose mutilated body was found on the tracks of the Washington-Southern Railway early last Sunday morning, was again in session at the Alexandria county court house yesterday, but adjourned without a verdict. The jury will reassemble as soon as additional information can be obtained. Coroner Ashton and Sheriff Palmer are trying to solve the mystery and it is quite probable that they will soon secure important witnesses. It is still believed by many that DeLane was murdered, robbed and his body placed upon the track where found. As has heretofore been stated, he left his home last Saturday night to attend a theater in Washington, and it is presumed that he missed the last electric train and started to walk to Del Ray. It is said that he had a gold watch and a roll of money, estimated at $200. When the body was found the watch was missing, and the pockets of his clothing contained only two car tickets and a few pennies. It is reported that DeLane was in company with a negro named Young, whom he met on the road after leaving Washington.

Mr. John Cornell, a constable of Alexandria county, last night arrested Young on suspicion of being connected with the supposed murder of DeLane. He was brought to the station house in this city. Young, it is alleged, was seen with DeLane while on his way home from Washington. After the arrest the negroes identified Young as the man seen with the deceased. Their identification consisted in pointing out a prominent scar on the face of the negro, which might be seen in the dark, if one was close enough, or in the dimly lighted streets of Rosslyn. The man under arrest has a scar such as described before the arrest by the informants.

Young denies being with DeLane on the night of the supposed murder, or at any other time. He says he was at Culpeper Court House the night DeLane was walking home from Washington. Special Officer Pennypacker came here today and took Young to the county where he will be examined by Justice Burrill.

Lecture at the Seminary.

In accordance with the announcement in the Gazette Mr. Silas McBee, editor of the New York Churchman, delivered a very instructive and interesting lecture on Church Architecture at the Episcopal Seminary, near this city, Thursday evening. Mr. McBee has full command of his subject, having seen and studied the finest church edifices in Europe. In his opening remarks he said that in engineering and commercial buildings America stood ahead of the world, but in church architecture she still had much to learn. He then showed the progress of religious architecture and its ideals from the pyramids of Egypt to the noblest conception of all found in the Gothic cathedrals of Christendom. He also stated the great principles dominating all religious architecture, illustrating everything by fine steroptican views of the great religious buildings of the world. The lecture was listened to with much interest on the part of the audience, and all expressed themselves as delighted with Mr. McBee's presentation of this important subject.

Mr. McBee also gave a most excellent address at the weekly faculty meeting. This meeting was also attended by Dr. Kelly, the celebrated surgeon of Baltimore, who closed the meeting with an earnest talk to the students, admirably seconding the address of Mr. McBee. Both gentlemen made a fine impression upon the students and professors of the seminary, and their effective words on the subject of Christian living being the best proof of Christian doctrine will be long remembered.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

John F. Whalen, arrested by Officer Beach charged with carrying concealed weapons, had his case continued.

Robert Smith and James Bell, both colored, arrested by Officer Beach and Joseph Williams charged with stealing shoes from J. Bernheimer & Co., were fined $5 each.

Thomas Young, colored, arrested by Constable Cornell in Alexandria county, was held for the action of the county authorities.

"Dora Thorne."

The four-act drama, "Dora Thorne," was presented at the Opera House last night to a large audience. The company was an excellent one and its interpretation of the play was above criticism. Sadie Marion as Dora Thorne was a really lovable heroine, while Forest Zimmer handled his part of the hero in a very good style The best part in the play was that of Lady Charteris, as played by Myna Ketchum. Her portrayal of the part of the scheming woman was decidedly clever and without a flaw. The comedy role was in the care of Wm. Fitzsimmons, and many a hearty laugh was heard throughout the drama at his expense. Gertrude Barker essayed the role of the winsome Alice Earl and was excellent in the part. The show is an excellent one, and carries with it good scenery and beautiful costumes. The next attraction will be on Thanksgiving Day, when the Mildred and Rouclere Company will appear in this city.

Alexandrian Best Guesser.

Mr. J. E. Kidwell, pay clerk of the Panama Canal Commission, was the lucky guesser in a contest recently. Seven thousand eight hundred and ninety-eight beans were deposited in a jar by a clothing company and a suit of clothes offered to the person making the closest guess to the number. Mr. Kidwell's best guess, and, as it turned out, the winning one, was 7867, just 31 short of the correct number. Mr. Kidwell got the pick of a suit of clothes. Mr. Kidwell is a well-known native of this city. In letters to friends here he states that sanitary conditions at Panama are improving, and that eventually yellow fever will be stamped out. There are several other Alexandrians at Panama, all of whom transmit their best wishes through Mr. Kidwell, among them being Wm. P. Henshaw, J. G. Holcombe, Charles M. Cuvillier and Clayton Crupper.

Projected Board of Trade.

A meeting of citizens of Alexandria and Fairfax counties was held yesterday in the office of Mr. Frank Lyon in Rossyln for the purpose of considering the project of forming a board of trade, and for organizing a bank or a trust company in the interest of the residents of the counties named. The matter of forming a board of trade was first discussed and a committee was appointed to present plans. The meeting then took up the matter of organizing a trust company, a national bank or a State bank, and the decision was reached that a trust company would be better suited to the character of the business of the two counties. It was also decided to hold another meeting next Wednesday, when it is expected the board of trade will be formed and arrangements completed for launching the banking institution.

Potomac Lodge I. O. O. F.

At a regular meeting of Potomac Lodge of Odd Fellows, last evening, at their hall on north Columbus street, the second degree was confered on two candidates and two applications for membership were received. The committee who had charge of the selection and purchase of new paraphernalia made their report, turning the same over to the lodge. It is the most beautiful in this section of the country, and cost hundreds of dollars. The degree teams are practicing for the different degrees under the direction of P. G. W. L. Martin, who is working assiduously to have the crack teams of the country. The lodge is increasing very rapidly with a young membership, having taken in over eighty members in the last year.

Corporation Court.

[Judge L. C. Barley presiding.]

Eustice Jeffries, guardian, vs. Wm. Kier; decree removing Wm. Kier as trustee and appointing R. H. Cox trustee of the estate of Emily Gibson, colored, and referring cause to Henry O'B. Cooper, commissioner, for report.

James Jackson vs. Lindsay Jackson, a suit for divorce; compromised, and case dismissed.

The Market.

The market this morning was not abundantly supplied with country produce, although it seemed to be equal to the demand. Vegetables, fruits and some other articles had undergone no material change in prices since last Saturday, but others were soaring upward. Eggs sold at 40 cents a dozen and were firm at those figures. Dressed poultry was scarce and high. One turkey was on exhibition. It was held at 25 cents a pound. Chickens ranged from 35 cents up, ducks 50 a 75 cents and rabbits 35 cents each.

Charter.

The State Corporation Commission has granted a charter to the North American Export Company, incorporated. Principal office, Alexandria. Incoporators: Harvey P. Weliman, president; Fred S. Neve, secretary, both of Washington, D. C. Capital stock: Maximum, $50,000; minimum, $5,000. Thrown from a Horse.

Mr. Joseph T. Roberts, engineer at the pump house of the Alexandria Water Company, was thrown from his horse on King street, between Washington and Columbus, late yesterday evening, and one of his legs was broken. The horse took fright at a passing electric train. Mr. Roberts was taken to his home, No. 517 Queen street.

Mild Weather.

The mild weather of yesterday was followed by cloudiness toward the close of the day and light showers early last night. The temperature today has been akin to that of spring, rendering overcoats and wraps a burden and fires for heating purposes unnecessary. Colder weather is predicted.

SATURDAY EVENING, NOV. 25, 1905

Reprimanded by Judge.

A decided sensation was caused in court at Pottsville, Pa., yesterday when Judge Marr, from the bench, accused officers of the United Mine Workers of sitting in court to intimidate jurors in cases where the miners' union was concerned. This statement was brought out while the court was censuring a jury for acquitting a union man of assault.

Rev. Peter Roberts, a Baptist clergyman, who was foreman of the jury, and who was a prominent witness for the miners before the President's strike commission, presented to the court a protest from the jury because its verdict was overruled in putting the costs of the case on the coal and iron officer who was the prosecutor.

Judge Marr said: "This is not a war on labor unions. Labor unions profess that they favor peace and are opposed to disorder. One of you, I am informed, is the president of a union. There are possibly some union men sitting around here, and I am glad they are, so they may hear what I say. Some of the leaders were here during the trial, possibly to intimidate you. Why didn't the leaders come in and have the guilty parties punished? That would be the proper thing to do. You sometimes let your judgment run away with you and bring your organization into disrepute; such verdicts do themselves and your labor unions injustice. Labor unions are all right if they are conducted according to their profession."

Denounced Supreme Court.

Bishop Henry M. Turner, the leading bishop in the African Methodist Church, made an impassioned attack upon the government and the United States Supreme Court in his annual address to the Macon conference in session at Macon, Ga., yesterday. In the conclusion of his address he challenged Thomas Dixon, jr., to meet him on any platform in the country and offered Mr. Dixon a bonus of $500. Among other things the bishop said:

"When I go to say my prayers I have a struggle to get to the place where I am willing for God to allow the United States Supreme Court to have part in my prayers. That admirable institution which raped the negro of every vestige of human or manhood rights—the men that compose that body may get to heaven the best way they can, but very little help God will grant them from any request that I make. The negro will never be anything in the country but a scullion until he shows his manhood. Go to Africa and build up a great nation that will command the respect of the civilized world."

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at E. S. Leadbeater & Sons' drug store; price 50c.

Herpicide Produces Marvelous Results

The lady whose photograph is here reproduced--writes the following letter about

Newbro's Herpicide

"the original remedy that kills the dandruff germ."

The Herpicide Company, Detroit, Mich.
I am sending you my photograph to show what Newbro's Herpicide has done for me. Since I first tested it thoroughly on my own hair, I have used it exclusively in giving scalp treatments, and with wonderful success I would not think of trying to get along without it. Yours sincerely,
Hair and scalp specialist. MRS. ANNA CONNOR.

MRS. ANNA CONNOR,

The natural beauty and abundance of lady's hair is a striking illustration of what Herpicide will accomplish, and this is only one of the thousands of letters that the Herpicide Company have on file from people all over the world who are pleased to tell of the marvelous results obtained by the use of Herpicide.

The Only Positive Safeguard Against Baldness is in the Use of

Newbro's Herpicide

known throughout the world as "the original remedy that kills the dandruff germ." Herpicide is a new, scientific non-irritant germicide and prophylactic for the scalp—and positively cures dandruff, stops falling hair and prevents baldness. No one wants to lose their hair and it is a mighty serious matter to contemplate. Well, why trifle with unknown or so-called Hair growers, when you are absolutely guaranteed that Herpicide will not only save what hair you have, but will restore it to its natural luxuriance. It is the dandruff germ, which infects the scalp, that causes the hair to fall out. Herpicide will eradicate this microbic disease of the scalp and protect it against re-infection, and your hair will then grow as nature intended. NEWBRO'S HERPICIDE has reached the pinnacle of fame as a hair preparation and enjoys a distinction strictly its own. As a Hair Dressing—Herpicide is truly exquisite on account of its dainty and refreshing odor which is characteristic—it beautifies the hair and leaves it soft, glossy, light and fluffy—it contains no oil, grease or sedimentary substance, neither does it stain nor dye the hair.

Stops Itching of the Scalp Almost Instantly.

Destroy the cause--you remove the effect.

DANDRUFF IS AN ACTUAL DISEASE.

and a very serious one, for it leads sooner or later to chronic baldness, which is incurable—the disease must be treated in a thoughtful, persistent and scientific manner. The dandruff germ must be destroyed and kept out of the scalp with NEWBRO'S HERPICIDE, because it is the only remedy that will actually kill the dandruff germ.
